

Harold Miller

..... played one First Grade game with Wests in 1928. He was with Wests in 1928 and 1929 and during that period played four Reserve Grade and eight Third Grade games. He was also the captain of the Wests Third Grade team in 1929, which might suggest that he was a mature aged player at that time.

There was one person that lived in the district that could be Wests player #269, and that is Harold Thorvald John Miller who was born in Dunedin, New Zealand in January 1902. This person married at Granville, NSW in 1926.

No record has been found of Harold Miller playing rugby league either before or after his time with Wests.
