

Centenary Medals Gala Dinner

A decision by the Australian Rugby League that all players who had competed in the Sydney Rugby League competition since 1908 would be awarded Centenary Medals in 2008 meant that Rugby League clubs provided a list of all their known players since their inception. For Western Suburbs, further research has revealed that there were some players who should have been on the list and some that should have been deleted. The numbers of the Medals presented , however, remain current.

A Gala Presentation Dinner was held at the Ashfield Leagues Club on the 24th September 2009 where all players who were present and had played First Grade were presented with their numbered Centenary Medal and a Deed of Recognition. Since then, Neil Bennett in the Wests Archives has relentlessly followed up relatives to ensure that every player who played First Grade be recognised. If you are related to a Wests player who has not yet received a Medal and a Deed of Recognition please don't hesitate to contact the Archives.

The Centenary Medal List of all First Grade players 1908-1999 as presented on the night was:
